

ACC/TSA Security Technology Day

Tuesday, July 12, 2011

ARLINGTON, VA

Crowne Plaza, Washington National Airport

IMMEDIATELY PRECEDING
THE ACC/FAA/TSA SUMMER
WORKSHOP SERIES

The Airport Consultants Council (ACC), along with the Transportation Security Administration (TSA) Office of Security Technology, will host its third annual Technology Day.

TSA will share with industry vital information relating to current and future TSA priorities, updates on security programs, the status of FY11 spend plans, current projects, and details on emerging technologies. This briefing will provide an opportunity for the industry to hear firsthand from TSA officials what's of most concern:

- » How do firms go about getting business with the TSA?
- » What established, recent and potential guidelines and regulations are relevant?
- » What requirements might/will impact OEMs/vendors/designers?
- » What programs are on-going and planned and how may industry participate in them?
- » How will current events shape future TSA requirements and priorities?
- » How does TSA plan to communicate with industry on effects of dynamic events and related changes so that industry can effectively respond?

PRELIMINARY AGENDA*

- > TSA Priorities — Robin Kane, Assistant Administrator/Chief Technology Officer
- > Electronic Baggage Screening Program (EBSP) — Plans for Recapitalization and Qualified Products List (QPL)
- > Advanced Surveillance Program (ASP) — Update on initiatives, R&D, and plans
- > Passenger Screening Program (PSP) — Status of AIT, ATR, AWT, and BLS technology programs
- > Planning Guidelines and Design Standards (PGDS) — Version 4 update
- > Engineering and Operational Support — Update on initiatives, goals, and priorities
- > Air Cargo & Intermodal — Update on programs and Technology Products Qualification (TPQ)
- > Office of Acquisition (ACQ) — Update on active solicitations and summary of upcoming procurements

**Additional topics will be discussed*
