

2010 ACC/AAAE Airport Planning, Design and Construction Symposium

February 24-26, 2010, Atlanta, GA

Call for Workshop Topics

The 2010 Airport Planning, Design and Construction Symposium is fast approaching. The Symposium Steering Committee is now soliciting input from airport professionals on potential Plenary Session and Workshop topics that will make this conference the best ever. *Suggestions will be accepted until Friday, July 3, 2009.*

The Symposium will feature Plenary Sessions for all participants and Concurrent Workshops including the following issue-oriented Tracks: **Planning; Terminal/Landside; Airside; PM/CM**. This year will feature a separate Track on **Sustainability**, and **Information Technology** will be a cross cutting theme across all Tracks.

Please give us your ideas or feel free to contact the Symposium Chair, Vice Chair or Track Hosts:

Symposium Committee Chair

Christine J. Bodouva, AIA
William Nicholas Bodouva & Associates
Christine@bodouva.com

Symposium Committee Vice Chair

Don Bergin
Blast Deflectors
Bergin_D@blastdeflectors.com
